

COOKIES POLICY

1. The website does not automatically collect any information, except for information contained in cookies.
2. Cookies are IT data, in particular text files, which are stored in the Website User's end device and are intended for using the Website. Cookies usually contain the name of the website they come from, the time of their storage on the end device and a unique number.
3. "Necessary" cookies enable the basic functions on the Website (e.g., navigation). The Website cannot function properly without these files;
4. The Website uses two basic types of cookies: session and persistent cookies. Session cookies are temporary files that are stored on the User's end device until the User logs out, leaves the website or turns off the software (web browser). Persistent cookies are stored on the User's end device for the time specified in the cookies' parameters or until they are deleted by the User.

By using cookies, we comply with applicable national regulations on obtaining consent in accordance with Art. 173 and Art. 174 of the Telecommunications Law.

We use cookies to ensure the security and efficient functioning of the Website.

5. The following types of cookies are used on the Website:

Cookie name	Cookie provider	Cookie type	Expiration time
appicc_csrf_cookie	server www	session	refresh page

6. To disable the saving of cookies, you need to change your browser settings and block the saving of cookies on your device. If our cookies are blocked, certain elements of our websites will not work properly for the User.

Information on the website

We use cookies to ensure the proper functioning of our website. You can find more information about our use of cookies in our Cookie Policy. You can disable cookies in your browser settings.
